

OutputWriter

```
classDiagram
    class OutputWriter
    class OutputWriterParaview
    class OutputWriterText
    OutputWriterParaview --|> OutputWriter
    OutputWriterText --|> OutputWriter
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'OutputWriter'. Below it are two boxes: 'OutputWriterParaview' on the left and 'OutputWriterText' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to the bottom of the 'OutputWriter' box, ending in an arrowhead. This indicates that both 'OutputWriterParaview' and 'OutputWriterText' inherit from 'OutputWriter'.

OutputWriterParaview
